BASKETBALL FOR LIFE SKILLS

Project Number: 613606-EPP-1-2019-1-CY-SPO-SCP

Basketball for Life Skills (BASKI)

Basketball for Life Skills (BASKI) primarily addresses the call topic “Promote education in and through sport with special focus on skills development, as well support the implementation of the EU Guidelines on Dual Careers of Athletes”.

BASKI envisions developing a training program for basketball coaches, sports educators, and sports and education decision-makers on how to promote basketball among primary school students as a medium of life skills development, with emphasis on civic participation and social contribution.

To educate all the stakeholders involved in children’s physical education, with the main focus being on targeting parents, school principals and teachers.

To all stakeholders involved, BASKI will aim to communicate the numerous benefits of basketball such as physical and mental health, as well as intellectual skills gained from the sport. This will mainly be achieved by holding interactive and fun seminars, drafting and distributing informational manuals, and also with the use of equipment and games. All these will be collected for the BASKI Interactive Coaching for Coaches Package.

The project coordinator is Cyprus Basketball Federation. The other partners are the Basketball Federation of North Macedonia, Romanian Basketball Federation, Center for Social Innovation, Associazione Sportiva Dilettantistica Margherita Sport e Vita Basket and Educational Association Anatolia. With that project, the basketball federation is planning to boost the development of life skills of the players synchronised with the implementation of the EU Guidelines on Dual Careers of Athletes”.
